

Andy Chapman

Andy specialises in the provision of long term financial and strategic planning for our clients. He has a long consultancy career which has seen him working for practices such as Deloitte and Touche, Price Waterhouse Coopers as well as Beha Williams Norman Ltd; this has spanned a period of some 15 years. Andy has extensive experience during this period of housing options/ stock

transfer, HRA business planning as well as also developing specific financial models for RSL's such as care homes business financial plans.

He is a part qualified CIMA accountant, and has been involved in over 40 stock transfer assignments doing varying roles. He also works with RSL's on financial modelling and future planning and he specialises, in particular, in spreadsheet modelling for which he has devised various spreadsheets over the years for a multitude of tasks including rent setting and business planning.
