

Georgia Parker

Georgia has a successful consultancy track record with a national reputation for high professional standards and excellent relationships with clients. Georgia has fifteen years' experience in a number of Local Authorities, RSLs and consultancy practices in housing management, regeneration, organisational development, change management and tenant participation. Georgia is a member of the Chartered Institute of Housing. She has worked on a range of commissions during her career, including provision of advice on stock options and formation of new RSLs, community consultation projects, physical and economic regeneration initiatives, organisational, team and personal development programmes.

She has successfully delivered impact assessments, creating a framework that has been commended by the Housing Corporation. She has led on preparation for Audit Commission inspections and implementing KLOE's for neighbourhood services, access, diversity, resident involvement and regeneration. She ran capital improvement programmes alongside community development initiatives for Trafford MBC and managed the TP team for the Preston BC. She started at Bolton MBC in housing management. She now works at board, senior executive, management and front line levels, running consultancy and coaching commissions to deliver cultural change, service and performance improvement, and strategy development and implementation.

Georgia's particular strength is providing a pragmatic approach to organisational, team and personal development through change management, communications and strategy development. She is an experienced and successful coach qualified with Diplomas in Executive Coaching and Leadership Management and Management Coaching and Mentoring from the Institute of Leadership and Management, of which she is a member. She holds an NVQ in Management and a City and Guilds 7307 Adult and Further Education Teaching Certificate. Georgia is a licensed Practitioner of Neuro Linguistic Programming, a Master Hypnotist and holds a Diploma in Clinical Hypnotherapy.
